

Directions to Camp Tuckahoe

Option # 1 and my personal choice. This way is probably more miles but I think it's faster due to less traffic and fewer stops.

- Take I-83 north to exit 32 Newberrytown. At the traffic light at the end of the ramp, turn **left** to go north on Rt. 382 to Lewisberry (the street sign says “Old Trail Rd.).
- In Lewisberry turn **left** onto Rt. 177 south (it's a four way stop with rumble strips). This will take you through Pinchot State Park.
- Shortly after you pass the lake you will come to a traffic light at Rossville. This will also be junction Rt. 74. Turn **right** onto Old York Road.
- When you get to Dillsburg you will pass the elementary school on your left. After you pass the school you will go over a small hill and around a curve. Turn **left** onto Harrisburg St.
- Go straight through the stop sign at Harrisburg Pike and continue straight through the square and on through town to Rt. 15.
- Continue straight across Rt. 15 and keep going until you come to the 3-way stop. Turn **right** onto Camp Ground Road.
- Go about 1/4 mile and take the first **left** onto Pine St. Straight ahead all the way into Tuckahoe.

Option # 2. This is the shortest route as the crow flies but he doesn't have to deal with traffic and stop signs on a 2-lane blacktop.

- From Rt. 30 near West Manchester Mall get on Rt. 74 north (this is the same Rt. 74 that runs through Red Lion and Dallastown) and stay on Rt. 74 until you get to Rossville.
- At the traffic light in Rossville Rt. 74 takes a left but you will go straight through to go to Dillsburg.
- When you get to Dillsburg you will pass the elementary school on your left. After you pass the school you will go over a small hill and around a curve. Turn **left** onto Harrisburg St.
- Go straight through the stop sign at Harrisburg Pike and continue straight through the square and on through town to Rt. 15.
- Continue straight across Rt. 15 and keep going until you come to the 3-way stop. Turn **right** onto Camp Ground Road.
